

# Rayne Catholic Elementary Emergency Program

---

Rayne Catholic Elementary has been fortunate to receive a donation of state of the art technology software donated by Mr. Brad Nation of Nation Consulting. This software will allow quick notification to all parents of RCE students in case of an emergency, changed of bus schedules or an unforeseen event.

When a message is sent out on the system, you will receive a text message from the school. If you are charged a text messaging fee by your provider, this message will be charged as a text message.

Sudden hurricanes and other weather conditions can be a great opportunity to use such a device. If you are interested in being notified by RCE Safe School System, please complete the information requested and return completed sheet to school. You can cancel this service at any time and please call the office if your number or provider changes.
